Recycling:

ochrona środowiska i aspekt ekonomiczny

environmental protection
& economic aspects

Setki nowych drzew – świerków i buków rozpoczęło nowe, leśne życie. To efekt naszej akcji, która w porozumieniu z bielskim nadleśnictwem uzupełniła drzewostan Skrzycznego. Wierzymy, że podobnie jak sam Prosperplast jeszcze długo będą służyły pokoleniom, które przyjdą po nas.

Hundreds of new trees – spruces and beeches have begun their new forest life. This is the result of our action, thanks to which, in agreement with the forest inspectorate in Bielsko-Biała, the tree stand of Skrzyczne has been replenished.

We believe that like Prosperplast itself they will serve generations to come after us for a long time.

Produkcja, której surowcem jest plastik (np. pod postacią polipropylenu), to wbrew obiegowej opinii technologia przyjazna środowisku.

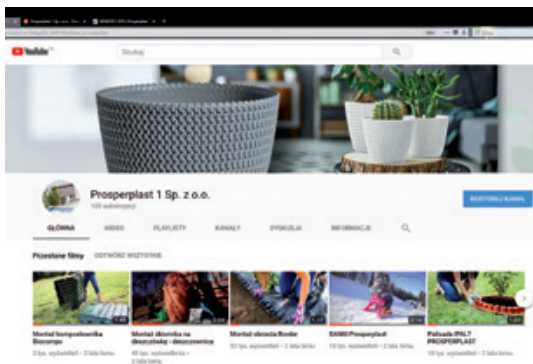

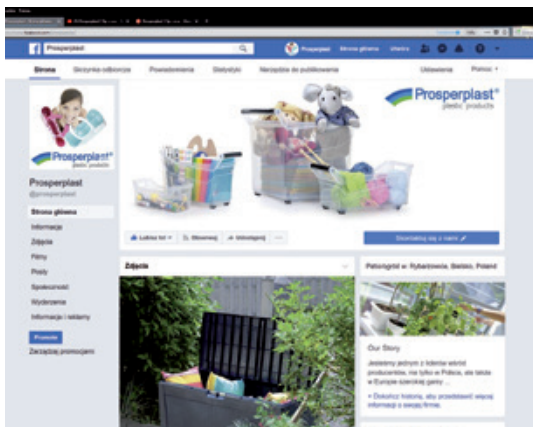

Kiedy w grę wchodzi nowoczesne, wydajne maszyny, kiedy zużycie wody jest w całym procesie produkcji stosunkowo niskie, możemy śmiało powiedzieć, że DBAMY O ŚRODOWISKO.

Jest z resztą więcej płaszczyzn, na których możemy realizować ten postulat. Stale powiększa się paleta produktów z serii ECO, wytwarzanych z surowców wtórnych. Sposób pakowania naszych produktów (UNIPACK system – jeden idealnie wchodzi w drugi) pozwala na przewożenie dużych ilości jednym samochodem. To często wielokrotnie redukuje ilość spalin w powietrzu.

Production that uses plastic as raw material (such as polypropylene) is, despite what many believe, an environmentally friendly technology. When it comes to modern, efficient machines, and when water consumption in the whole process is relatively low, we can definitely say that we CARE about the ENVIRONMENT.

In fact, there are more fields in which we can implement this postulate. We are constantly expanding the product range of ECO series, produced from recycled materials. The way we pack our products (usually one packaging fits perfectly into another) allows us transporting large volumes in one vehicle. This often causes a multiple reduction of the amount of exhaust gas in the atmosphere.

inspiration

Fulfilling our customers demand for direct contact with our employees and participation in the process of creating a variety of arrangements using our products we decided to meet these needs.

Consequently there is newly created account on Facebook, website with various bookmarks of tips and fans gallery, virtual walk through company Prosperplast.

Our site will continually keep our customers informed about new products and where our designers are welcomed customers' designs and ideas.

The feedback confirms that we have chosen the right direction and that motivates us to ongoing development.

gallery of fans

Widząc zapotrzebowanie naszych klientów na możliwość bezpośredniego kontaktu z naszymi pracownikami oraz chęć uczestniczenia w procesie tworzenia różnorodnych aranżacji z wykorzystaniem naszych produktów, postanowiliśmy wyjść na przeciw tym potrzebom.

Efektom jest nowo powstałe konto na facebooku, modernizacja strony internetowej i wprowadzenie zakładki z poradami i galerią fanów, a także możliwość zagłędnięcia do Prosperplastu poprzez wirtualny spacer.

Nasza strona na bieżąco informuje klientów o wprowadzanych nowościach, a nasi projektanci są otwarci na nadsyłane projekty i pomysły. Zainteresowanie jakim cieszą się te wszystkie dodatki potwierdza słuszność obranego kierunku i motywuje nas do dalszej pracy.
