forms of decor

ETHICK

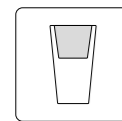

Welcome to the inspiring world of possibilities offered by ETHICK. Explore the delightful and diverse forms of pots for your home and garden. Our products come in sophisticated patterns and shapes, and they are made using innovative production technology that lets us create intriguing designs, limited by our imagination alone.

Add a little hint of magic to your home and garden thanks to a brand that combines tradition with the modern style. Our collections are often inspired by craftsmanship. Choose unique solutions and enjoy their beauty every day, opening up to new inspirations from ETHICK.

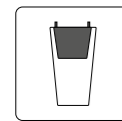

We create decorations for your home and garden, which is why we place great emphasis on sustainable solutions.
Our products are 100% recyclable.

FOLKA collection

The FOLKA collection of pots blends the tradition of craftsmanship with contemporary design. The striking carvings and geometric patterns are inspired by Nordic tribal aesthetics, African sculptural traditions, and the Art Deco style. These distinctive designs infuse interiors and gardens with a unique atmosphere, seamlessly merging history with modernity. Perfect for minimalist and eclectic spaces, they embody artistic expression and exceptional character.

DEFORA collection

The DEFORA planter collection combines elegance and simplicity, creating a unique sense of tranquility. The distinctive irregular horizontal lines adorning their surface, inspired by gentle waves, give each model an unparalleled appearance. This unique design introduces harmony and a natural rhythm into interiors. DEFORA is an excellent choice for those who value subtle beauty and practicality in modern design.

LATIA collection

The LATIA pot collection is a sophisticated combination of elegance and simplicity. Each pot in the collection has a unique shape, ranging from slender to wide, with square and oval forms. Together, they can form a consistent decoration for your home or garden. The characteristic features of this collection are the vertical grooves in the texture of the sides of the pots, symbolising the power of nature and the Earth.

TUBRA collection

The TUBRA pot series delights with how it alludes to classic Greek sculptures, which are well-known for their harmonious proportions and unquestionable elegance. The collection includes pots in many different shapes – from classic, wide forms to tall and slender pots. The horizontal lines decorating their surface resemble carefully sculpted details of antique columns, giving every model a unique form, which is impossible to achieve using other technologies.

MOLTA collection

The MOLTA pot series is a fine example of subtle interplay between smooth, oval shapes and more distinct forms, based on rectangles and squares. Each pot – with or without discreet supports – tells its own story. The subtly rounded edges and the smooth surface draw attention to their precise finish and casual elegance.

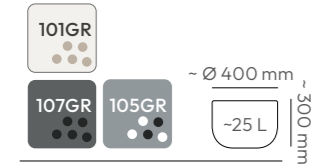

The MOLTA collection is a symphony that unites nature and craft, where every shape reflects minimalism, peace and balance – values which come highly appreciated in modern design.

CORO collection

The CORO pot series is a gallery of minimalist sculptures. Each form, from the oval to the rectangular, pays tribute to modern art. The ribbed structure resembles brush strokes or architectural lines. The flat finish of the edges makes the pots seem more raw, emphasising the sculpture-like feel of the shapes. In this collection, we combine art with functionality to create useful, designer-style forms.

FERO collection

The FERO pot series is a subtle combination of simple shapes with rhythmic ribbing and texture on the outer walls – the characteristic features of this collection. The spatial shape and light play emphasise the details alluding to both ancient and modern architecture. This way, the FERO collection combines tradition with modernity.

RONA collection

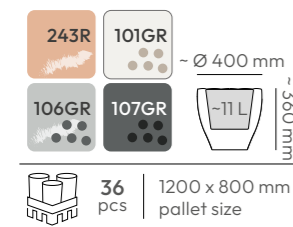

The ROANA pot series complements the modern style with harmonious forms, each of which is a subtle allusion to natural shapes. Thanks to the unique geometry, emphasised by wide edges, it is optically heavier to even better match landscaping features.
